REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art neither discloses nor makes obvious a method for operating a combined cycle power station having at least one gas turbo group, at least one heat recovery steam generator and at least one steam turbine as claimed and including the steps of immediately, rapidly and temporarily maintaining an increase in power output of the combined cycle power station including, increasing the firing rate of the gas turbo group, taking the supplemental firing into operation, and subsequently reducing the power output of the gas turbo group to the same extent as the increased steam production becomes available as steam turbo group shaft output.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles G Freay whose telephone number is 703-308-0639. The examiner can normally be reached on Monday through Friday 10:00 A.M. to 5:30 P.M..
